Krylon® Supplies You'll Need

Gold Leaf
Metallic

Golden Glow
Glitter Blast®

All paint should be used according to the manufacturer's instructions.

Other Supplies You'll Need

- Supplies list:
- Artificial Wreath (we used a eucalyptus leaf wreath but you can use any wreath type)
 - Wreath hook (optional)

DOWNLOAD PDF

1. Set Up

Gather supplies: Holiday Wreath, Krylon Metallic Gold Leaf, Krylon Glitter Blast Golden Glow, and a long stick for fluffing wreath to create space between leaves.

2. Spray

Spray with Krylon Metallic Gold Leaf, covering all parts, moving leaves with stick to spray under them. Let dry, then turn over to spray other side, completely covering any green. This may take two cans.

3. Highlights

Once dry, spray wreath again with Glitter Blast Golden Glow. No need to be meticulous. The goal is to create a glittery sparkle. Let dry.

4. Display!

Display for festive holiday gatherings.
